Bridging Gaps in Oncology 2026

Dear Colleagues,

It is with great pride and pleasure that I welcome you to the Annual Conference of the National Cancer Institute – Cairo University, "Bridging Gaps in Oncology."

This distinguished gathering brings together eminent experts, researchers, healthcare professionals, and leaders in oncology from Egypt and around the world, united by a common mission: to advance cancer care through science, innovation, collaboration, and excellence.

Our conference reflects the enduring commitment of the National Cancer Institute and Cairo University to remain at the forefront of cancer research, education, and comprehensive patient care. Through an exceptional scientific program of state-of-the-art lectures, multidisciplinary discussions, specialized workshops, and scientific presentations, we aim to exchange knowledge, inspire new ideas, and strengthen national and international partnerships.

As oncology enters an era of remarkable transformation—driven by precision medicine, advanced technologies, artificial intelligence, and personalized treatment—our responsibility is to ensure that scientific progress translates into meaningful improvements in the lives of our patients.

The scientific program, accredited by the American Association of Continuing Medical Education (AACME), reflects our commitment to the highest standards of professional and scientific education.

On behalf of the National Cancer Institute – Cairo University, I warmly welcome you to Cairo and to this important scientific gathering. May these days be filled with inspiring discussions, valuable collaborations, and a shared vision for the future of oncology
Welcome to Cairo University.
Welcome to the National Cancer Institute.
Welcome to "Bridging Gaps in Oncology."
We wish you an inspiring, successful, and memorable conferenc.
