

# Rare Tumor Entities and Diagnostic Challenges: A Case-Based Slide Workshop

Workshop President:

**Prof. Dr. Neveen Tahooun**

Organizer and Scientific Coordinator:

**Dr Noura Ebrahim**

Faculty and Mentors:

**Dr Noura Ebrahim Dr Mahitab Altohamy Dr Mona Alabrak**

Registration  
for workshops  
closes on  
28 October 2025

19<sup>TH</sup> NOVEMBER  
2025  
NCI SMALL HALL

Wednesday  
19-11  
2025

Registration

08:30  
09:00

Wednesday  
19-11  
2025

Opening Remarks & Objectives

09:00  
09:15

09:15-09:45

Lecture: "Approach to Rare Tumors: Diagnostic Strategy & Practical Pitfalls" Framework for approaching uncommon tumors with limited literature and experience

09:45-10:30

Slide Seminar 1: CNS, Head & Neck, and Mediastinal Case Reports 3 selected cases from different regions Focus on diagnostic reasoning, differential diagnosis, and key clues Interactive polling + expert commentary

10:45 - 10:30

Break

Wednesday  
19-11  
2025

## Session 2: Rare Entities in Thoracic, GI, and GU Systems

10:45  
11:15

**11:30-11:50**

Mini-Talk: "Navigating Unusual Morphologies Across Organ Systems" Challenges when morphology deviates from expected patterns.

**11:15-12:00**

Slide Seminar 2: Thoracoabdominal Tumor Case Reports  
3-4 complex cases with discussion  
Emphasis on how rare tumors can mimic common entities  
Pathologist panel discussion and audience engagement

**13:00 - 12:00**

**Break**

Wednesday  
19-11  
2025

## Session 3: Rare Tumors of Soft Tissue, GYN, and Breast

13:00  
14:30

- 
- 13:00 – 13:30** Mini-Talk: "Pattern-Based Recognition in Uncommon Tumors"  
Integrating morphology, immunohistochemistry,  
and clinical correlation.
- 
- 13:30 – 14:30** Slide Seminar 3: Complex Cases from Soft Tissue, Breast,  
and GYN Sites 4 interactive cases  
Emphasis on ambiguity, mixed features, and unusual IHC profiles  
Diagnostic discussion with audience input
- 
- 14:30 – 15:00** Wrap-Up Panel Discussion: Learning from the Uncommon  
Summary of key diagnostic insights  
Q&A  
Certificate distribution
